

The CDPHP® Care Team says “Please take our call”.

If you receive a call from CDPHP, it's probably from a member of your Care Team. We're a team of nurses, pharmacists, social workers, and health educators here to help you and your family live your healthiest life.

This no-cost benefit is confidential. Unless we have your permission, we don't share the content of our conversations with anyone, including your employer.

A conversation with us can be as long or short as you want.

We can tell you about CDPHP benefits available to you that you may not even realize exist.

We can also help you with:

- ✓ Questions about a new diagnosis or medication
- ✓ Understanding and managing a chronic health condition
- ✓ Medication organization
- ✓ Finding a new doctor or specialist

So, if you receive a call from the CDPHP Care Team, please talk to us. You can also call us at **1-800-365-4180** and we'll connect you with a Care Team member who can help.
