Thousands of doctors to serve you

In an effort to provide quality coverage at an even greater value, beginning January 1, 2021, you will have access to three levels of in-network providers – your domestic network, Albany Med Health System affiliate network, and the CDPHP network.

To find a provider within the Albany Med Health System affiliate network, visit **findadoc.cdphp.com** and follow these simple steps:
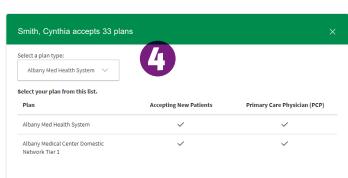

1. Enter your location.
2. Enter **Albany Med Health System** as your plan type.
3. Search by doctor, specialty, place, or type. Use "Advanced Search" for more detailed criteria.
4. Once you select a provider, click **Plans Accepted**.

You'll experience the lowest cost share if the domestic network (the plan subscriber's employer group) is displayed.

The next lowest cost share comes if Albany Med Health System along with one of the affiliate groups is displayed.

You will also continue to have access to the CDPHP network of providers at your in-network level of benefits.
