Flexible Spending Account (FSA) Enrollment Kit

- Significant savings
- Fast, efficient, convenient
- 24/7 web access
- The benefit that benefits everyone
A Flexible Spending Account (FSA) is an employee benefit plan established under IRC Section 125 that allows you to pay for everyday healthcare, dependent care expenses and certain individual premium expenses with pre-tax dollars.

An FSA saves you money by reducing your taxable income. The FSA amount you elect will be subtracted from your gross income. Federal, state and FICA taxes are then calculated on the lower amount. When you (or your spouse or dependents) incur an eligible expense, you’ll receive reimbursement from the funds you’ve set aside from your paycheck.

**Health Care Component:**
This account helps you save money on everyday out-of-pocket medical expenses such as medical copays, coinsurance, prescription drugs, orthodontics, vision expenses, hearing aids, dental services, eligible over-the-counter (OTC) items and more. Qualifying dependents for FSA purposes include children through the end of the year in which they turn 26.

**Limited Purpose FSA:**
A limited-purpose FSA is much like a general-purpose health FSA. The main difference is that the limited-purpose account is set up to reimburse only eligible FSA dental and vision expenses. These plans allow you to contribute to an HSA as well.

**Dependent Care Component ($5000 maximum):**
This account helps you save money on daycare expenses for dependent children and adults so you can work. Qualifying dependents include children under age 13, whom you claim as a dependent on your federal income tax return (special rules apply for divorced parents), a disabled spouse and any other dependent on your tax return who resides with you and is physically or mentally disabled.

**Plan Ahead for your FSA!**
Planning ahead is important when signing up for your company’s FSA Plan and understanding the benefits offered is critical.

**Estimate Your Expenses:**
You can maximize your FSA account by planning ahead carefully and using this helpful tool. You may also use the FSA calculator on our website, LifetimeBenefitSolutions.com. Some common items to consider are also listed in the chart:

**Know the Details:**
Be sure to budget for each account expense separately. Elections to and reimbursements from these accounts cannot be blended. Also, a use-it-or-lose-it provision may apply, so plan ahead carefully.

You must re-enroll in this Plan each year. You cannot change your election during a Plan year unless you incur a qualifying life event, such as marriage/divorce, birth/adoption.

Read your Summary Plan Description (SPD) carefully to understand the specific terms of your Plan. The Plan Document governs your rights and benefits under each Plan and is available through your employer.
Claims Processing and Customer Service

Filing a Claim:
Submit your claims online to receive the fastest reimbursement for an eligible out-of-pocket expense. Supporting receipts and documentation can be scanned and attached to your online claim, or you can email, fax or mail the required paperwork. Another option is to download a paper Reimbursement Request form. Complete the form by itemizing your expenses and following the instructions found directly on the form. Reimbursement Request forms and required documentation can either be mailed or faxed for processing.

Claims deadlines apply. Be sure to carefully read your Summary Plan Description (SPD) to understand the terms and deadlines associated with your Plan.

Customer Service:
Most of your questions can be answered by visiting the website. You can also call 800-327-7130 and utilize our automated interactive voice response system to check your balance, the status of a claim, or contributions when it’s most convenient for you. From there, you can choose the Spending Accounts Login, which will bring you to the correct portal. Your initial username will be the first letter of your first name, your last name, followed by the last four digits of your Social Security Number. Your password will be the first letter of your first name (lower case) followed by your five digit zip code.
The Health Spending Card

The Health Spending Card is a convenient payment method...you simply swipe the card without incurring an out-of-pocket expense! Behind the scenes, the provider is paid and the amount is deducted from your account balance. You don’t have to file a claim form for reimbursement—the payment function is fully automated.

Cashless but Not Paperless:
Each time you use your Health Spending Card, you must be able to prove you used it to pay for a Plan eligible item or service. Fortunately, technology behind the Health Spending Card automatically substantiates the vast majority of your transactions. You will receive a letter asking you to send in copies of your receipt and necessary documentation for those transactions that can’t be automatically substantiated with supporting technology.

Paying for Services with the Card:
Paying a doctor’s office copay is an example of paying for services with the card. However, in some cases, services provided at a medical, dental or vision office cannot be auto-substantiated. In these cases, you will receive an RFI letter asking for copies of your receipt and necessary documentation.

Important Health Spending Card Tips:
- Keep all receipts associated with your Health Spending Card in a central location, and promptly reply when asked for a copy.
- The IRS states that services are eligible for reimbursement after the services have been rendered. Prepaying for services such as weight loss or fitness memberships is not allowed.
- The Health Spending Card will be mailed directly to your home address. Read all information enclosed with the card and sign the card to agree to the terms.
- If a merchant will not accept the card, just pay out of pocket and submit for reimbursement.

Remember—the Health Spending Card is cashless, but not always paperless! Be prepared to submit copies of your receipts and other documentation when requested.

All information about purchases may apply depending on what the Plan allows on the card.
